Monument to Samuel Spencer

Atlanta, Ga., May 10 .-- In honor of the late Samuel Spencer, first president of the Southern Railway Company and one of G.o.gia most distinguished sons, a portrait stitus of heroic sizs in bronze, set upon a pede til of Kaox-ville marble, placed on the plaza of the Atlanta Terminal Sation, will be presented to Atlanta and to Georgia at 2 o'clock on the afternoon of Saturday, May 21, as the gift of thir.y thousand employes of the railroad system which represents the great work of his eventful

The statue is the work of Daniel Chester French, perhaps the most famous of living American sculptors, and has been declared to be among the best that has come from his hand. As the memorial of so large a number of men who under him had labored is the upbuilding of the Southern Railway system the statue is a fit tribute to Mr. Spancer. That it should be p'sced at the Atlanta Terminal Station is also proper, as lew enterprises engaged the interest of Mr. Spencer as did the building of this magnificent passenger station, the completion of which has marked a distinct epoch in Atlanta's

The ceremonies making the unveiling will be in keeping with the occa-Draws Dust Like honor. On behalf of the employee of the system, J. W. Connelly of Wash logtor, chief special agent, and chairman of the general committee of employes who raised the funds for the monument, will preside. After prayer by Rt. Rev. At the conc'usion of Judge Eunphrey's address the slatue will be unreiled, the cords being drawn by Miss Violet Spencer, the four year-old-grand daughter of Mr. Spencer, daughter of

his sor, Henry B. Spencer. Speaking as an employe and on behalf of the employee of the system, President W. W. Finley will then present the morument to the State of Georgia and the city of Atlanti. For the State, Governor Joseph M. Brown will accept and F. Oreighton & Oo., and Richard Gibhe will be followed by Mayor Robert F. Maddox who will accept the monument on behalf of the city. The ceremonies will be brought to a close with the benediction by Rev. John E. White, pastor of the Second Baptist Oburch of Atlants. The status represents Mr. Spencer seated in what might be an office chair.

CAUSE OF KING'S DEATH.

The British Medical Journal, the lead ing medical organ of England, in dealing with King Edward's illness, from a medical point of view, after declaring that the case was perfectly simple and that there was nothing mysterious about the disease, not to fool the patient the causes of his majesty's death, makes the following authoritative statement:

"For years the king suffered from emphysems and a tendency more or less scote to bronchitle, with the usual symptoms of a distressing, ineffective cough and difficult breathing. There was crepitation at the basis of both lungs, indicating a chronic impediment to the free passage of air in the smaller bronchial tabes. He was subject to attacks of lary ngitis, which produced slight spasms of the vocal chords, but except for some inflammatory thickening at the hinder part f the glottis and chronic catarrh of the throat there was, we are in a position to state, no trace of disease fa the upper air passe. The king, in short, had what is known as a smoker's throat. This and the congestion and thickening due to this cause, combined with the loss of elasticity in the lungs made it increasingly difficult for him to clear his chest. The strain thrown upon the heart by the obstruction to the passage of blood through the lungs, caused by the collection of secretion in the brouchial tubes,

NARROW ESCAPE.

President Taft's automobile was nearly struck by a westbound Erie express train at the Ayerigg avenue crossing, Passaic, N. J, at 6:05 last night.

The presider t was being escorted to the home of Victor L. Mison, in Aycrigg avenue, where he was to dress for the bacquet of the Passaic Bland of Trade. Part of his escort got across the track shead of the train, but part had t) fall back in disorder, and one of the members was thrown.

Trees and a curve in the road prevented the engineer of the train from seeing the procession until within 100 feet of the crossing, and the cheers of the spectators kept them from hearing the express.

The president's automobile was surrounded by Colonel Hine's stiff, and the express shot by only 20 feet from his sutomobile. The section of the steff balted and

backed sharply. The horse of one of the riders pluaged suidenly and the officer was thrown to the ground. He was not hurt, bowever.

MURDERS AND ROBBERIES.

Evidently the victim of burglare, Charles W. Beman, a Hiadu butler, and Margaret Meshan, an aged house keeper, were found murdered last night in the residence of Dr. Mott D. Cannon. in New York. The two had been killed sometime between 2:30 and 5:45 o'clock in the afternoon, during the

physician's absence. Exemination of the physiciau's study, in the rear of the third floor of the residence, showed that the top drawer of a ture u had been "j mmied" open and \$100 in bills, \$100 in silver, and several valuable gold stickpins taken.

Nothing else in the house was touched. Mrs. Annie Bonocore, wife of a feu t merchant, was besten into unconsciou ness by robbers late yesterday in New York and her flat ransecked. Har condition is serious. The thieves oftined \$85 and escaped.
